

Car Lap Tray

Multi-Purpose Holder for Food, Drinks & Utensils

Provides the Ultimate in Eating Convenience
Specially Designed to Hold Food and Drinks Comfortably
on your lap while sitting or driving in your car

Our KGM Lap Tray provides convenient, organized, and safer snacking for millions of motorists who carry their food and drink in their cars.

Designed as a simple, but effective, non-encumbering lap tray, it features a unique system that secures the tray on the lap with the food and drinks in the innovative holder. Since the lap tray is locked into place using the legs as supports, the user's hands are free allowing him/her to drink or eat at their convenience.

OPTIONAL

Hanger for lap tray

Shows lap tray kept on the hanger

Shows multiple lap tray kept on hanger

Shows use of lap tray when placed on hanger for keeping personal items such as mobiles, pen, paper, water bottle etc.

Wash Basin Bracket

Our wash basin bracket, made from a composite of steel and plastic, offers a rust proof alternative to steel wash basin bracket. For installation, it can be either fitted with fastener and steel plugs or can be directly embedded in the wall using mortar. It is available in two sizes.
